SEEWALD TRANSPORTGERÄTE GMBH

Our family business Seewald Transportgeraete GmbH was founded in 2014 and is based in the marvelous Peiting, Bavaria. Our focus is on laundry and rolltainer®, but we are going one step further.

We complement our portfolio not only with different accessories, but also with extensions for a wide variety of applications. We do not stop with our high-quality products and additionally offer you individual and comprehensive advice. In addition, we are happy to produce special solutions for you according to your wishes and with our technical know-how. We are already passing on this knowledge to the 2nd generation.

Our goal is to be a competent partner for your company in order to offer you the best transport options and to make your work easier. That is why we are constantly improving our products. Your needs are what drives us. We look forward to work with you in the future.

GENERAL PRODUCT INFORMATION

Our products are designed to offer the best cost-effectiveness. It is no problem, if the basic equipment does not suit your needs. All of our laundry and rolltainer® can be adapted and aligned to the given task area. If none of our standard containers are suitable for you, please contact us directly. We are happy to construct a custom-made product that is tailored to your needs. In addition, we offer you the option of individually embossing your new containers and labeling it with your company name, so that you immediately can see who the container belongs to. Just talk to us, together we will find the best solution. with us you move the progress in your company.

Our article names should make is easy for you to find the right product. We have developed a „code" for this purpose, which we would like to explain briefly. In general, we talk about plastic, steel or wooden bottoms for laundry and rolltainer®. We use combinations of numbers and sizes to make it easier to distinguish the containers. Special features are in brackets ().

One of our premium and special models serves as an example:

Seewald Transportgeräte

SWITZERLAND 5.2

With our **Switzerland 5.2** laundry container, we present the absolute innovation as an alternative to cupboard trolleys and transport trolleys made from a mix of aluminium and plastic. Aluminium is used for the frame and provides the necessary stability. The privacy panels are made of plastic. This mix ensures that the trolley is neither too light nor too heavy and is easy to move. As a further extra, the Switzerland is equipped with our patented switching system and has a hinged lid and a double-leaf door. Another special feature is that the plastic panels can be replaced if damaged.

Features:
- 5-sided laundry container
- plastic plates and a frame made of aluminium
- 2 foldable intermediate shelves included
- color: anodized aluminium

Seewald Transportgeräte

PREMIUM I 3.0

The 3-sided **Premium I** is available in three different heights and is equipped with smooth-running brand castors. Despite the smaller base plate, the laundry container has a very stable construction, which shows the high quality. The very good properties in the areas of comfort, handling and operation makes your daily work noticeably easier.

Features:
- 3-sided Premium I laundry container
- available in the heights 1150, 1350 and 1520 mm
- 2 swivel and 2 fixed castors, Ø 100 mm, TPR, ball bearing
- steel bottom
- color: blue galvanized

Also available with a plastic or wooden bottom, as well as further accessories and castor sets.

PREMIUM I 4.0

Our 4-sided version of the **Premium I** has the same advantages as the 3-sided version with the addition of a swivel-mounted front wall. In addition, the upper part of the front wall can be folded down to simplify loading and accessing the container. To be expanded for example, the Premium I can be equipped with document frames and many more.

Features:
- same as Premium I 3.0 (page 8)
- 4-sided Premium I laundry container
- additionally with a foldable & swivel-mounted door
- expandable with intermediate shelves, document frames, bumper wheels and many more

Also available with a plastic or wooden bottom, as well as further accessories and castor sets.

PREMIUM II 3.0

Our laundry container **Premium II** is available in four different heights with our 3-sided version. The smoothrunning brand castors under the middle base plate move the solid construction safely through your company. The smaller mesh, compared to the Basic model, increases the stability and quality. On request, the plastic bottom can be exchanged against a steel or wooden bottom.

Features:
* 3-sided Premium II laundry container
* available in the heights 1350, 1520 and 1700 mm
* 2 swivel and 2 fixed castors, Ø 100 mm, TPR, ball bearing
* plastic bottom
* maximum usable height 1550 mm (size XL)
* color: blue galvanized

Also available with a plastic or wooden bottom, as well as further accessories and castor sets.

PREMIUM II 4.0

With our 4-sided version, the front wall comes additionally, which is swivel-mounted and the upper part can be folded down. You are welcome to expand the basic equipment with intermediate shelves or our innovative switching system, which converts the two swivel castors into two fixed castors with just one „click".
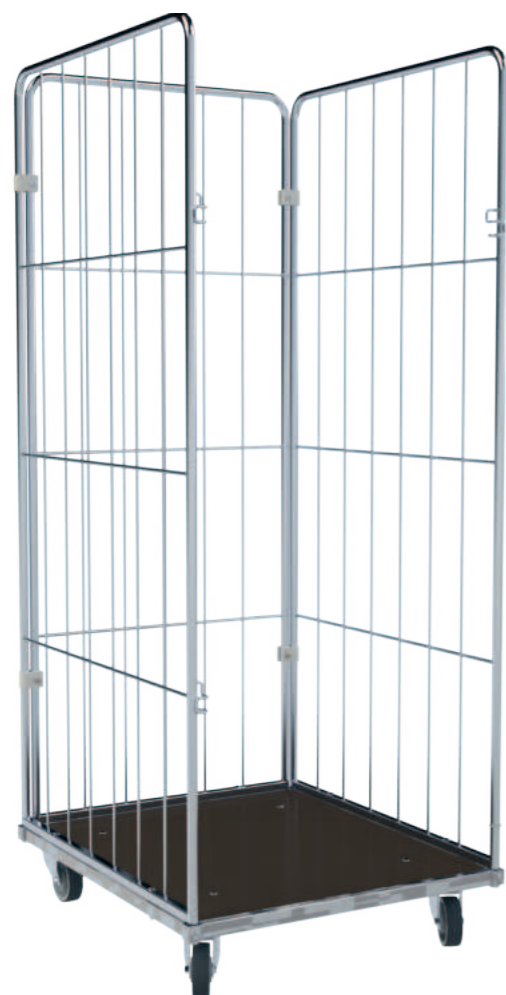

Features:
* same as Premium II 3.0 (page 10)
* 4-sided Premium II laundry container
* additionally with a foldable & swivel-mounted door
* expandable with our innovative switching system

Also available with a plastic or wooden bottom, as well as further accessories and castor sets.

BONN 4.2

Our **Bonn** offers a smart 2-in-1 system. Thanks to the foldable intermediate shelves the laundry container can be used both for the transport of dirty and clean laundry and therefore offers an optimal solution for both applications. The lower level is predicted by a short front wall. The Bonn adds a useful value due to the supplied clothes rail.

Features:
• 4-sided Bonn laundry container
• 4 bumper wheels
• 2 fixed mounted & foldable intermediate shelves
• fixed mounted, short front wall
• 2 swivel and 2 fixed castors, Ø 100 mm, TPR, ball bearing
• clothes rail

Discover our switching system

BONN 4.2 with drawbar and coupling system

This version of the **Bonn** expands the application of the already existing 2-in-1 system. In addition to the usual option of folding the intermediate shelves to a front wall, now this container also comes with a coupling and drawbar. This makes it possible to couple and pull a total of 3 container in a row. Therefore a larger amount of laundry can be transported over much longer distance. In addition, there is a metal sheet measuring 300x340 mm on the left side wall that can be painted with blackboard lacquer on request.

Features:
• incl. coupling & drawbar (to couple up to 3 containers)
• metal sheet measuring 300 x 400 mm (blackboard lacquer on request)
• 4 bumper wheels
• 2 fixed mounted & foldable intermediate shelves
• fixed mounted, short front wall
• 2 swivel and 2 fixed castors Ø 125 mm TPE, ball bearing
• clothes rail

Also available with a plastic or wooden bottom, as well as further accessories and castor sets.

Seewald Transportgeräte

BERN 3.2

The **Bern** is equipped with two permanently mounted intermediate shelves, which are foldable to the inside. Therefore it is possible to fill the container on all three levels, due to the wide front. By this smart 2-in-1 system transport is given for dirty and also clean laundry. In addition, the four bumper wheels create an ideal predection on walls or other rolltainer®. Through the additional use of plastic spacer castors the laundry container runs with reduced background noise. You will also receive a label board for a better assignment as well as a tread plate.

Features:
- 4-sided Bonn laundry container
- 4 bumper wheels
- 2 fixed mounted & foldable intermediate shelves
- fixed mounted, short front wall
- 2 swivel and 2 fixed castors, Ø 100 mm, TPR, ball bearing
- clothes rail

Also available with a steel or wooden bottom, as well as further accessories and castor sets.

BERN 3.2.2

In essence, the **Bern 3.2.2** remains unchanged compared to the Bern 3.2. The difference between these models can be found in the upper shelf, which can be folded back in this version. The lower shelf can still be folded forward to prevent the content from falling out. The advantage here is that it is easier to access the contents of the container, e. g. the clothes rail can be optimally used.

Features:
- 3-sided container
- 2 fixed mounted & foldable intermediate shelves included, the upper shelf can be folded to the rear wall
- 2 swivel and 2 fixed castors, Ø 100 mm, TPE, ball bearing
- payload up to 500 kg
- 4 bumper wheels
- label board
- tread plate
- smart 2-in-1 system

Also available with a plastic or wooden bottom, as well as further accessories and castor sets.

SULINGEN 3.2

With a base of 825 x 738 mm our laundry container **Sulingen 3.2** is ideal for your business. Two integrated intermediate shelves make it possible to transport clean laundry to its destination in an organized manner. If required, you can fold the intermediate shelves back and get plenty of space for e.g. dirty laundry.

Features:
- 3-sided laundry container
- 2 swivel and 2 fixed castors, Ø 100 mm, TPR, ball bearing
- 2 foldable intermediate shelves included
- plastic, steel or wooden bottom
- color: blue galvanized

More accessories and castor sets available.

WEIMAR 4.2

Our laundry container **Weimar 4.2** comes with two integrated intermediate shelves and a clothes rail. A small fixed front panel offers basic protection against goods falling out. This protective edge can be conveniently extended by folding the first intermediate shelf forwards. To ease the loading or to enable the transport of dresses, the second intermediate shelf can be folded back so that the clothes rail can be used.

Features:
- 4-sided laundry container
- 2 swivel and 2 fixed castors, Ø 100 mm, TPR, ball bearing
- 2 foldable intermediate shelves included
- plastic, steel or wooden bottom
- color: blue galvanized

More accessories and castor sets available.

BASIC I

The **Basic I** is available as a 3- or 4-sided version. The basic model, which exists in two different heights, offers the most important basic functions for your company. The small base plate allows an excellent navigation even in narrow aisles and is also available with a steel or plastic bottom. Of course the laundry container can be expanded with matching accessories.

Features:
- 3- or 4-sided Basic I laundry container
- available in the heights 1520 and 1730 mm
- 2 swivel and 2 fixed castors, Ø 100 mm, TPR, ball bearing
- foldable & swivel-mounted door (4-sided)
- wooden bottom

Also available with a steel or plastic bottom, as well as further accessories and castor sets.

LANDSBERG XXL 5.0

Do you need a 5-sided container? Then our laundry container **Landsberg XXL 5.0** is a good choice. The tightly meshed panels prevent the clothes from falling out. The flap in the front panel is used for loading. The high-quality castors offer a high level of comfort on many floors.
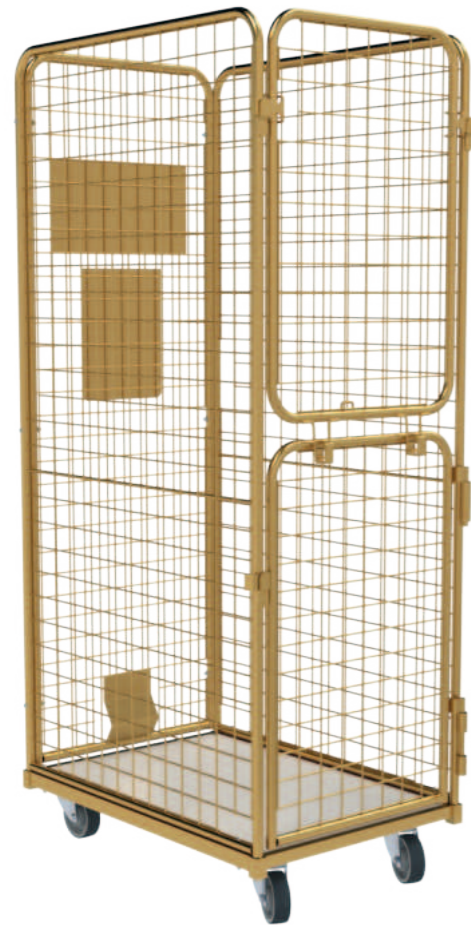

Features:
- 5-sided laundry container
- 2 swivel and 2 fixed castors, Ø 100 mm, TPR, ball bearing
- plastic, steel or wooden bottom
- made of square tube
- secure storage due to 50 x 50 mm mesh
- color: blue galvanized

More accessories and castor sets available.

AUSTRIA XL 4.0

Our laundry container **Austria XL 4.0** is an exception among our containers thanks to its yellow galvanizing. With its fixed mounted front panel and the tightly meshed grating, it guarantees safe transportation of the laundry to the desired destination. Optionally you can receive our laundry container with a plastic or wooden bottom.

Features:
- 4-sided laundry container
- 2 swivel and 2 fixed castors, Ø 100 mm, TPR, ball bearing
- plastic or wooden bottom
- color: yellow galvanized

More accessories and castor sets available.

WUPPERTAL 3.3

Robust, practical and flexible – that is our **Wuppertal 3.3** laundry container. The three fixed intermediate shelves can be folded forwards and - when folded - turn the 3-sided laundry container with 3 intermediate shelves into a 4-sided laundry container without intermediate shelves. This allows you to transport clean or dirty laundry flexibly and conveniently. The Wuppertal 3.3 is also equipped with a clothes rail.

Features:
- 3- sided laundry container
- 2 swivel and 2 fixed castors, Ø 100 mm, TPR, ball bearing
- 3 foldable intermediate shelves included
- color: blue galvanized

More accessories and castor sets available.

BREMEN 4.0

Due to its two-part front, the **Bremen** is 4-sided and enables the upper half to be folded. Even when closed, the container can be filled very comfortable due to the shortened front. with a base plate of 850 x 630 mm sufficient capacity is provided. The build-in bumper wheels predect walls as well as other rolltainer®. Additionally the bumper wheels lead to an increased service life of the laundry bags.

Features:
- 4-sided laundry container
- 2 swivel and 2 fixed castors, Ø 100 mm, TPR, ball bearing
- foldable door
- closed PVC bottom
- color: blue galvanized

Also available with a steel or wooden bottom, as well as further accessories and castor sets.

HALLE XXL 4.0

Our largest laundry container, **Halle XXL**, has a huge amount of space and a load capacity of up to 600 kg. Our container Halle XXL comes with a foldable and swivelmounted door and can be extended with intermediate shelves which you can easily position to your needs due to the tight mesh of the container.

Features:
- 4-sided laundry container
- 2 swivel and 2 swivel castors with brakes, Ø 125 mm, elastic (grey), ball bearing
- up to 600 kg load capacity
- foldable & swivel-mounted door
- possible intermediate shelves implementable individually
- stable construction

More accessories and castor sets available.

BERLIN 3.0

A light and versatile laundry container, that's our 3-sided **Berlin**. The height of 1800 mm is achieved with a Ø 20 mm round tube supported in the structure. This offers stability and plenty of space for the most divers possible applications. The Berlin is assembled quickly and easy to use. This system is rounded off with non-marking elastic castors. You are also looking for suitable accessories, please contact us. Together we will find the right solution for your company.

Features:
- 3-sided laundry container
- 2 swivel and 2 fixed castors, Ø 100 mm, elastic (grey), ball bearing
- up to 400 kg load capacity
- easy handling
- usabel height: 1650 mm
- color: blue galvanized

More accessories and castor sets available.

DRESDEN 3.3

Our **Dresden** laundry container can easily be equipped with six intermediate shelves. The three shelves included in the scope of delivery have an upstand for load securing. Here you can decide whether you want the version with or without a 20° angle of the horizontal flat iron. The four swivel castors - two of them with brakes - allows good handling even with a full load.

Features:
- 3-sided laundry container
- 2 swivel and 2 swivel castors with brakes, Ø 108 mm, polypropylene, ball bearing
- 3 intermediate shelves with upstand (up to 6 possible)
- with or without 20° angle
- recyclable plastic bottom

More accessories and castor sets available.

MUNSTER

Our **Munster** rolltainer® offers you a lot of space to store your goods safely. The Munster is available as a 2- to 5-sided rolltainer®. The optionally available intermediate shelves are available with or without upstand and can be positioned at an angle. This container is ideal to transport your goods and to present to your customers at the same time. Further adjustments are possible on request.

Features:
- 2-, 3-, 4- or 5-sided rolltainer®
- 2 swivel castors and 2 swivel castors with brakes, Ø 125 mm, elastic (grey), ball bearing
- swivel-mounted wing-door
- steel bottom 1200 x 800 mm

Further adjustments are possible on request, please contact us!

MAINZ

Our **Mainz** rolltainer® is one of our largest rolltainer® and is great for the transport of your goods on euro pallets. It offers a possible payload of up to 800 kg. Optionally you can also equip the rolltainer® with intermediate shelves to divide it into levels. The rolltainer® is available in 3-, 4- or 5-sided versions.

Features:
- 3-, 4- or 5-sided rolltainer®
- 2 swivel castors and 2 swivel castors with brakes, Ø 125 mm, elastic (grey), ball bearing
- swivel-mounted wing-door (4- and 5-sided)
- steel bottom 1350 x 950 mm

Suitable for euro pallets!

ESSEN

Our nestainer® **Essen** is available in three versions from 2- to 4-sides. The bottom has an innovative spring technology and can be folded to the side. The rolltainer® is nestable and therefore guarantees an optimal transport of empties. This does not only save important storage space but also allows the transport of a larger amount of container (when empty).

Features:

- 2-, 3-, or 4-sided nestainer®
- 2 swivel and 2 fixed castors, Ø 108 mm, polyamide, ball bearing
- spring technology in the bottom
- steel bottom 700 x 800 mm
- color: blue galvanized

JENA

Our nestainer® **Jena** offers you plenty of space for your goods and a space-saving return in empty state. The plastic bottom of the container is foldable to the back using a spring mechanism. The smooth running elastic castor set offers increased comfort and a locking function to prevent unintentional movement of the container.

Features:
- 3- or 4-sided nestainer®
- 2 swivel castors with brakes and 2 fixed castors, Ø 125 mm, tread with elastic (grey), ball bearing
- swivel-mounted door (4-sided)
- 1 foldable intermediate shelf (also available without)
- recyclable plastic bottom

Also available with a steel bottom.

HANOVER

Our nestainer® **Hanover** is available to you as a 3- or 4-sided container. The intermediate plastic shelf which is equipped in the basic version divides the container into two levels and can be folded down, so you can organize your goods optimally. Alternatively you can add another intermediate shelf each in the lower and upper third. The smooth-running set of castors increase the comfort.

Features:
- 3- or 4-sided nestainer®
- 2 swivel castors with brakes and 2 fixed castors, Ø 125 mm, tread with elastic (grey), ball bearing
- up to 2 foldable intermediate shelves
- recyclable plastic bottom

KASSEL

Our ball trolley **Kassel** is characterized by a high ease of use. Its two loading doors allow an easy loading and unloading. If the ball trolley is not in use, it can be folded up to save space very comfortable. Quiet running swivel castors make transport additionally easier. The Kassel ball trolley can be expanded with additional accessories, e.g. compartment dividers.

Features:
- 5-sided ball trolley
- 4 swivel castors Ø 100 mm, TPR tread
- foldable roof
- front wall with foldable opening
- foldable (in empty state)
- steel bottom 1040 x 610 mm
- color: blue galvanized
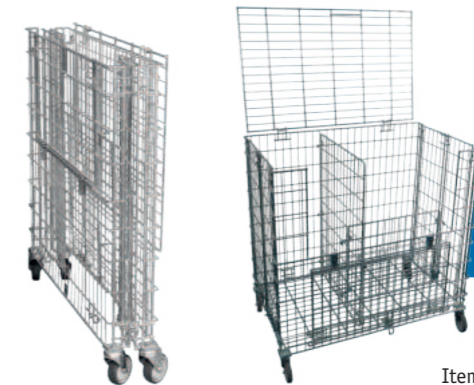

Further accessories are optionally available.

Items inside the product are not included.

CLOTHES RAIL (SCREWABLE)

- for laundry container
- loose, variably attachable
- surface: blue galvanized

For laundry container	Basic I Premium I /II	Basic II Premium III	Bremen Bern	Bonn
Article number	WKS600B	WKS720B	WKS850B	WKS940B
Dimension	570 mm	690 mm	825 mm	880 mm
Weight	0,50 kg	0,60 kg	0,68 kg	0,74 kg
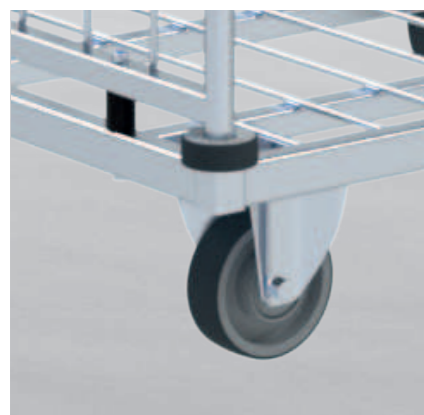

BUMPER WHEELS

Wheel rim made of polypropylene with a tread made of thermoplastic elastomer (95° Shore A) in grey.

For laundry container	Basic 3.0 Premium 3.0	Basic 4.0 Premium 4.0
Article number	AWRBP3	AWRBP4
Outer diameter	Ø 50 mm	Ø 50 mm
Inside diameter	Ø 22 mm	Ø 22 mm
Weight	0,03 kg	0,03 kg

SWITCHING SYSTEM

Our predected switching system is a smart 2-in-1 solution that enables easy handling. You can switch between two swivel castors and two fixed castors on four swivel castors with just one click. The user benefits from easier handling. In addition, you can counteract a transverse gear.

Upstand	with 20 mm upstand	with 100 mm upstand

WIRE MESH INTERMEDIATE SHELF WITHOUT UPSTAND

- for laundry and rolltainer® with the bottom size of 1200 x 800 mm
- loose, variably attachable
- surface: blue galvanized

Article number	ZD12000RKFC001
Dimension (B x T)	1200 x 800 mm
Weight	5,8 kg
Payload	150 kg

WIRE MESH INTERMEDIATE SHELF WITH 20 MM UPSTAND

- for laundry and rolltainer® with the bottom size of 1200 x 800 mm
- loose, variably attachable
- surface: blue galvanized

Article number	ZD1200MRKFC001
Dimension (B x T)	1200 x 800 x 20 mm
Weight	5,9 kg
Payload	150 kg

WIRE MESH INTERMEDIATE SHELF
WITH 20 MM UPSTAND, ATTACHABLE WITH ANGLE

- for laundry and rolltainer® with the bottom size of 1200 x 800 mm
- loose, attachable in various angle
- surface: blue galvanized

Article number	ZD1200SRKFC001
Dimension (B x T)	1200 x 800 x 20 mm
Weight	6,9 kg
Payload	150 kg

WIRE MESH INTERMEDIATE SHELF WITHOUT UPSTAND

- for rolltainer® with the bottom size of 1350 x 950 mm
- loose, variably attachable
- surface: blue galvanized

Article number	ZD13500RKFC001
Dimension (B x T)	1350 x 950 mm
Weight	15,4 kg
Payload	200 kg

Seewald Transportgeräte

PLASTIC INTERMEDIATE SHELF

FOR THE SIZE 682 X 815 MM, LOOSE, VARIABLY ATTACHABLE
- different intermediate shelves for 2- and 3-sided rolltainer®
- reinforced with 3 flat irons
- color: gentian blue similar to RAL 5010

Article number	E70B02PEF35010	E70B03PEF35010
Dimension (B x T)	620 x 810 mm	620 x 760 mm
Roll container type	2-sided	3-sided
Payload	3 kg	
Upstand	150 kg	

PLASTIC INTERMEDIATE SHELF FOR THE SIZE 714 X 815 MM

- different intermediate shelves for 2-, 3- and 4-sided laundry container
- reinforced with 3 flat irons
- color: gentian blue similar to RAL 5010

Article number	E70A23PEF35010	E70A04PEF35010
Dimension (B x T)	710 x 760 mm	710 x 710 mm
Roll container type	2- & 3-sided	4-sided
Payload	3 kg	
Upstand	150 kg	

WIRE MESH INTERMEDIATE SHELF

- for 2-, 3- and 4-sided roll, laundry and anti-theft container with the bottom size of 724 x 815 mm
- loose, variably attachable
- surface: blue galvanized

Article number	ZBD725ADLC004
Dimension (B x T)	720 x 810 mm
Weight	4,2 kg
Payload	150 kg

WIRE INTERMEDIATE SHELF

- for 2-, 3- and 4-sided roll and anti-theft container with the bottom size of 682 x 815 mm
- loose, variably attachable
- surface: blue galvanized

Article number	ZBD682ADLC008
Dimension (B x T)	680 x 810 mm
Weight	4,2 kg
Payload	150 kg

TEXTILE STRAP WITH ELASTIC RUBBER

- 2 wire hooks
- black/ grey
- for container up to 750 mm width

Article number	E150001BL
Dimension (B x T)	520 x 50 mm
Max. recommended span	750 mm

TEXTILE STRAP WITH ELASTIC RUBBER

- 1 wire hook/ 1 wire loop
- black/ grey
- for container up to 750 mm width

Article number	E150002BL
Dimension (B x T)	560 x 50 mm
Max. recommended span	750 mm

TEXTILE STRAP WITH POLYPROPYLENE

- 1 round wire hook/ 1 clamp lock
- blue, red, yellow, black
- for container up to 800 mm width
